

ADDICTION RECOVERY PODCAST *The Addiction Files*

Paula Cook, MD and Darlene Petersen, MD, bring you a new podcast on the topic of addiction medicine.

This podcast is geared toward primary care, specialty or auxiliary health professionals who interact with people with substance use disorders.

Join us as we conduct expert interviews, review clinical pearls and best practices and discuss the latest updates in addiction medicine.

More episodes are ready to release and are excited to continue to cover many topics with invited guests.

LEADERSHIP TRAINING FOR HEALTH CARE PROFESSIONALS

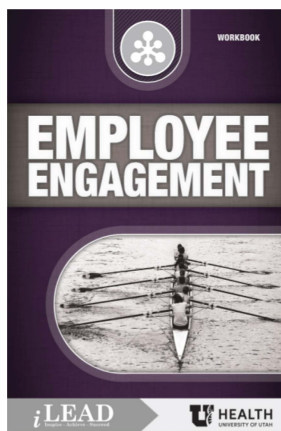

A new series is designed to teach leadership skills to those who manage clinical and nursing staff. For the past few years, managers at University of Utah Health have increased their leadership skills by attending iLEAD courses. These courses will now be made available to affiliate hospitals and clinics.

Starting in May 2021, *Employee Engagement* will be offered to affiliate hospitals.

In the coming months, you can also look for *Managing vs. Leading*, *Delegation and Empowerment*, and *Motivation and Generations*.

These courses can be taught to groups of 6-12 people. To schedule for your clinic, contact education@hsc.utah.edu.

Data Usage Notification

In order to support the growth of the ECHO movement, Project ECHO® collects participation data for each ECHO program. This data allows Project ECHO to measure, analyze, and report on the movement's reach. It is used in reports, on maps and visualizations, for research, for communications and surveys, for data quality assurance activities, and for decision-making related to new initiatives. Please contact us at project.echo@hsc.utah.edu with any questions or concerns.
