UTAH AIDS EDUCATION & TRAINING CENTER
ONLINE PROGRAMS: TRANSGENDER MEDICINE, ADDICTION MEDICINE & HIV

The Utah AIDS Education and Training Center is launching two online programs:

- Transgender Medicine on November 1st, 2021 and
- Addiction Medicine & HIV on December 1st, 2021.

The online programs will be hosted via Canvas. It's free to register and you can receive up to 20 CME/CE for completing both programs.

Each program will release new cohorts on the 1st day of every-other month. The first 2 months will be capped at 10 participants so we can gather feedback about the program and make changes as needed. Future cohorts will be capped at 100 participants.

Please add yourself to the wait list if the course is full. Though the course has a start date, it is self-paced with no completion dates.

LEADERSHIP TRAINING FOR HEALTH CARE PROFESSIONALS

For the last several years, managers at University of Utah Health have increased their leadership skills by attending iLEAD courses. These courses are now available to affiliate hospitals and clinics.

Two courses are currently available to affiliate hospitals:

- **Employee Engagement.** This course teaches how leaders can strengthen the emotional connection between employees and the organization. You’ll learn about the research behind what makes employees enjoy their work, and identify actions to improve engagement.
- **Managing vs Leading.** This course discusses how to establish influence by identifying the difference between managing and leading. Inspire effort, build confidence in success, model and lead through vision and values.

To schedule for your team, contact education@hsc.utah.edu

INJURY PREVENTION LEARNING SERIES

Our Injury Prevention learning series strives to create an interactive virtual learning environment for our community, community partners and health care personnel. Our focus is to provide injury prevention methods for varying high incidence mechanisms in our area as they relate to activity and season changes. Please join our health care and community experts in sharing their expertise and experience to help everyone safely navigate different seasonal activities.

**November 9th:** SafeUT app for Frontline worker & suicide awareness
**November 16th:** Search and Rescue Safety

> Register for these events

UOVC VICTIM RESOURCE CONNECT

The Utah Office of Victims of Crime Victim Resource Connect is a new platform that will connect victims of crime with appropriate resources based on specific concerns in addition to where they are located. It will provide enhanced search functionality and provide more targeted results to connect victims to the services they need.

New ECHO Series: Safe and Healthy Families.
This meeting is held bi-weekly on Thursdays from noon – 1 pm.
Since 2015, the Safe and Healthy Families series has brought together experts in child physical abuse, sexual abuse, neglect, child welfare, and ethics to present on topics of interest to those who work with potentially abused children. In joining Project ECHO, the Safe and Healthy Families series will reach an expanded audience of providers throughout the mountain west. These topics will be of interest to healthcare providers who care for children, social workers, behavioral health providers, child welfare workers, educators, and administrators.

Mentors for this series include Kristine Campbell, MD, MSc, and Antoinette Laskey, MD, MPH, MBA.

Find more info on the Safe and Healthy Families website. To attend this series, Register here.

New ECHO Series: Integrative Primary Care & Substance Use Disorder Treatment
Every other Friday, noon – 1 pm, starting January 21, 2022
We are excited to introduce a new ECHO series, Integrative Primary Care & Substance Use Disorder Treatment. Join Elizabeth Howell, MD, MS, Director of the University of Utah Addiction Psychiatry and Addiction Medicine Fellowships, Steven Godin, PhD, MPH, PHI Certificate, and other addiction experts as we explore treating substance use disorder (SUD) in the primary care setting and strengthening community networks to support recovery. Topics will range from the basics of diagnosing and treating SUD to learning how to destigmatize SUD in the community. Sessions will include both didactic and case presentation components. We invite you to come learn more and participate in open discussions around this growing issue in our communities. More details about the curriculum will be available in the coming weeks.
Register in advance for this meeting: Zoom Registration

New ECHO Series: Post-Acute Care ECHO
Held the second Wednesday of the month from 11:00 – noon

**Data Usage Notification**

In order to support the growth of the ECHO movement, Project ECHO® collects participation data for each ECHO program. This data allows Project ECHO to measure, analyze, and report on the movement’s reach. It is used in reports, on maps and visualizations, for research, for communications and surveys, for data quality assurance activities, and for decision-making related to new initiatives. Please contact us at [project.echo@hsc.utah.edu](mailto:project.echo@hsc.utah.edu) with any questions or concerns.
