OKTOBERFEST CARDIOVASCULAR LECTURE SERIES

Each Wednesday in October, cardiovascular specialists from University of Utah Health will teach primary care providers about the diagnosis and treatment of specialty diseases. Topics include:

- The Role of Hemodynamics in Evaluating the Heart Failure Patient
- AFib: A Multidisciplinary Approach to the Convergent Procedure
- Sarcoidosis? But You Don’t Look Sick!
- Heart Failure Management: Where Does SLG2i fit in GDMT?

LEADERSHIP TRAINING FOR HEALTH CARE PROFESSIONALS

Managing vs Leading is the second course in the iLEAD series, designed to teach leadership skills to those who manage clinical and nursing staff. For the last several years, managers at University of Utah Health have increased their leadership skills by attending these courses.

iLEAD courses are now available to affiliate hospitals and clinics. This course discusses how to establish influence by identifying the difference between managing and leading. Inspire effort, build confidence in success, model and lead through vision and values. If you missed the course on Employee Engagement, there is still time to sign up.

PALLIATIVE CARE EDUCATION SERIES

Join the specialists at University of Utah Health for this series on palliative and hospice care.

Topics include providing emotional support for patients and families, and common misconceptions about hospice and end of life care.

Our next topic is Eliciting a Shared Plan of Care. More info on topics, dates, and presenters, visit:

uofuhealth.org/palliativecare

Next event: October 26, noon

> Register for the Zoom Event

The first Palliative Care education event was: Advanced Care Planning – Helping Your Patients Plan for the Future.

A recording of this event is available on YouTube.
UTAH AIDS EDUCATION & TRAINING CENTER ONLINE PROGRAMS:
TRANSGENDER MEDICINE, ADDICTION MEDICINE & HIV

This series is based around up to date, evidence-based interventions with regards to care of the trauma patient.

This month we welcome Elisha Haroldsen, APC, Ocular Trauma.

> More info

INJURY PREVENTION LEARNING SERIES

Our Injury Prevention learning series strives to create an interactive virtual learning environment for our community, community partners and healthcare personnel. Our focus is to provide injury prevention methods for varying high incidence mechanisms in our area as they relate to activity and season changes. Please join our health care and community experts in sharing their expertise and experience to help everyone safely navigate different seasonal activities.

Family Planning ECHO Series
2nd Wednesday of Every Month, 7:30am - 8:30am

How do I help my patient select the right birth control pill? What pain management options exist for IUD placement? Can the hormonal IUD really be used as emergency contraception? You’ve got questions; and the Division of Family Planning at the University of Utah has answers! Join us the second Wednesday of each month to connect with local experts in family planning, discuss clinical cases, and share best practices for providing comprehensive person-centered family planning care to patients.

Save the Date: October 13, 2021
Family Planning ECHO: IUD Insertions and Removals: What to Do When it Just Won’t Go
Presented By: Jennifer Kaiser, MD, MA, MSCI
This session will review helpful tips and tricks for difficult IUD insertions and removals. We will cover pain management, cervical preparation/dilation, missing strings, embedded IUDs, and considerations for when to refer. The didactic session will be followed by case reviews with Amy Clement, MD.

Register in advance for this meeting: https://utah-health.zoom.us/meeting/register/tJctd-ysqjMjG9E5orv1JCl7JcGkkb3qu-c3
To submit cases: https://redcap01.brisc.utah.edu/ccts/redcap/surveys/?s=FK4NACHT9EF3L9W

Data Usage Notification

In order to support the growth of the ECHO movement, Project ECHO® collects participation data for each ECHO program. This data allows Project ECHO to measure, analyze, and report on the movement’s reach. It is used in reports, on maps and visualizations, for research, for communications and surveys, for data quality assurance activities, and for decision-making related to new initiatives. Please contact us at project.echo@hsc.utah.edu with any questions or concerns.
