This four-hour class will assist participants in identifying acute myocardial infarction by location and a new bundle branch block, differentiating between stable and unstable angina, and identifying ACS treatment guidelines.

This class requires that nurses print out the PPT along with ECG handouts PRIOR to the class. To obtain the needed files and connection information, send an email to samantha.ballieu@hsc.utah.edu.

CE’s are available to those who attend this course.

In-Hospital Commitment to Value: Cyber Security and Protecting PHI

Trevor Long, Associate Director of the Governance, Risk, and Compliance Information Security Office at the University of Utah will teach about the latest threats and developments in the world of cyber security. They’ll provide insights on how the modern health care center can keep patient data safe.

This session will be held by video conference. To join the conference, just click the following link: https://uofuhealth.zoom.us/j/968139609.

To register for this event, send an email to sarah.day@hsc.utah.edu.

This event is exclusively for University of Utah Health affiliates.

Ambulatory Commitment to Value: Compliance Risk Training for Managers

Michelle Densley, Director of Compliance Services at University of Utah Health, will present on common pitfalls and problems faced by ambulatory care managers and staff.

This training will be held by video conference. You can join from your computer, laptop, or mobile device. To join the meeting, click the following link: https://uofuhealth.zoom.us/j/968139609.

Participants are encouraged to ask questions, provide insights, and share your experiences in this area. The goal is to create a memorable learning experience.

To register for this event, send an email to sarah.day@hsc.utah.edu.

How to claim CME credit

Continuing Medical Education credits are available with many educational offerings sponsored by University of Utah Health. Claiming CME credit is a quick and easy process.

Have you set up a CME account at the University of Utah? For instructions on creating an account and claiming credit, see this helpful instruction guide.
