Relaunching Series:

Integrative Primary Care & Substance Use Disorder Treatment ECHO **Every Friday, noon – 1 pm**

This ECHO series will focus on working with patients to recognize, diagnose, and treat substance use disorder (SUD). Topics will range from cultural awareness, harm reduction, diagnosis and treatment, to handling co-morbidities. This year we will be taking this series "On the Road" once a month. If you are in rural Utah and would be interested in having our ECHO team join you at your clinic or hospital reach out to our team.

For providers in the Logan area we would love to have you join us live for our "ECHO On the Road" session in Logan, Utah on February 10th, noon – 1 pm register to join us live using this [link](#).

For questions, please reach out to Sarah Day, sarah.day@hsc.utah.edu

Data Usage Notification

In order to support the growth of the ECHO movement, Project ECHO® collects participation data for each ECHO program. This data allows Project ECHO to measure, analyze, and report on the movement's reach. It is used in reports, on maps and visualizations, for research, for communications and surveys, for data quality assurance activities, and for decision-making related to new initiatives. Please contact us at project.echo@hsc.utah.edu with any questions or concerns.
