Added Special Long COVID & Post-Viral Syndrome ECHO Session:

Tuesday, December 13, 2022, Noon -1pm

Please join us for a special panel presentation as a part of our final Long COVID & Post-Viral Syndrome ECHO of 2022. We will be joined by Rachel Kubiak, PhD. She is a Senior Epidemiologist with the CDC Foundation, working to support the COVID-19 response at the Utah Department of Health and Human Services. This session will include an update on the current status of COVID-19, a recap of post-viral syndromes and making a diagnosis, and coding of long COVID and related comorbid conditions.

Data Usage Notification

In order to support the growth of the ECHO movement, Project ECHO® collects participation data for each ECHO program. This data allows Project ECHO to measure, analyze, and report on the movement’s reach. It is used in reports, on maps and visualizations, for research, for communications and surveys, for data quality assurance activities, and for decision-making related to new initiatives. Please contact us at project.echo@hsc.utah.edu with any questions or concerns.
